

---

## STRENGTHENING DREAMS

---

We are a consulting firm dealing in *structure design, estimation works & turnkey projects.*

At **STRENCON ENGINEERING** we accept each project as a challenge, a challenge to ourselves to give the best possible solution to the criticality of the projects. We are a dynamic team of professionals that provides structural engineering expertise for medium to large private and public projects. Our services range across the full spectrum of project implementation phases.

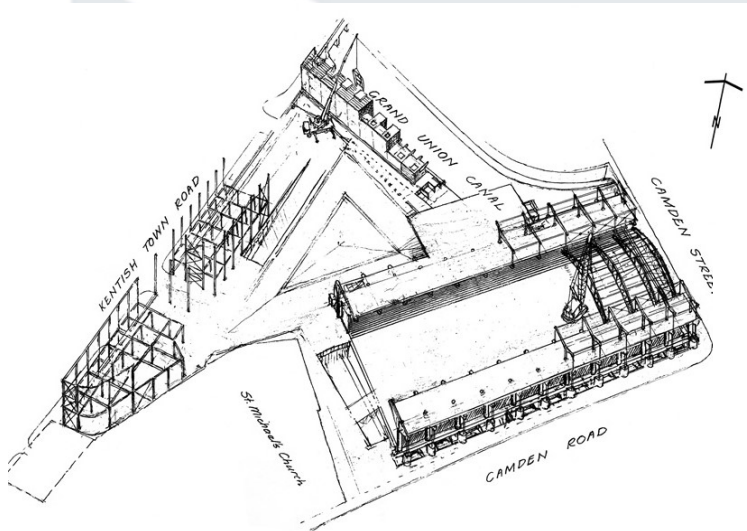

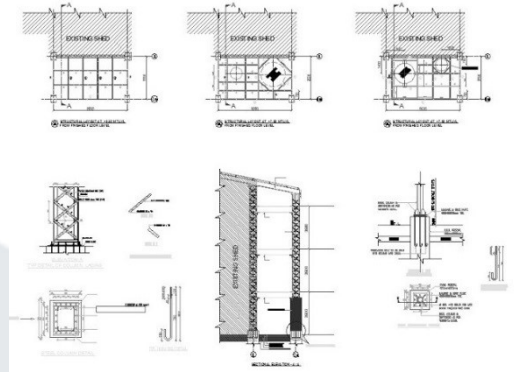

---

# WHO WE ARE

---

With its inception in 2015, **STRECON ENGINEERING** has positioned itself as valuable structural design studio.

With over 8 years of experience & 300+ completed projects in residential, commercial, industrial & retaining structure design, we assure you to give you the best structural design service across India. We try to give possible optimum design so that you can get the best with optimum expenditure without compromising strength.

---

## MISSION

---

To give the most optimum solution in stipulated time frame without compromising architectural elegance & Structural strength.

---

## VISION

---

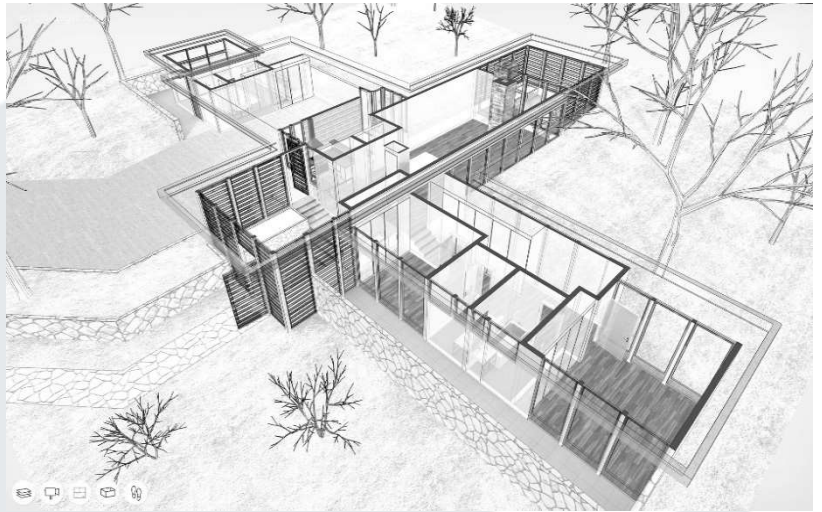

We envision ourselves to become the most preferred consultant for Structure design services. We envision to produce clear, well-documented construction drawings with a realistic approach to design & detailing which can be executed easily.
